Fax: 979-230-0606

Emergency Management CRF Funds

Item #1- Touchless Door locks

To prevent the spread of Covid-19 new locks will be installed on thirteen doors. These include all doors at City Hall except the double doors on the front of the building and the bathrooms. Each door will be able to be opened via proximity reader with either a card or an app on a cellular phone.

Item #2- Lorex CCTV system-

Four Lorex conference cameras with built-in two-way audio and a 1 TB DVR with remote access will be installed to facilitate virtual meetings for Council and the Court.

Items #3 & #4- Laptops

Two Toughbook laptops with desk top docks and two mobile printers. These are designed for heavy use and the abuse of being in a vehicle and being moved frequently. This will allow deputies to work from home or from their units, limiting their exposure to Covid-19.

Item #5- Watchguard System

This upgrade of the watchguard camera system will allow for wireless upload and sharing of videos therefore reducing exposure to Covid-19. The in-car cameras will automatically upload to the evidence library when the unit is close to City Hall. Included in this upgrade is an upgraded evidence library. One of the new capabilities will be sharing video through a secure link emailed to the requesting person (District attorney, City Attorney, outside agencies, ect.)

Items #6 & #7- Law Enforcement Biological protection ensemble and scba tank

These kits will provide protection to Deputies when they are responding to calls with a risk of Covid-19 exposure and extra protection for investigators during long exposures while completing investigations.
