

# Village of Jones Creek

7207 Stephen F. Austin  
Jones Creek, TX 77541  
(979)233-2700

Dear Resident,

The Village of Jones Creek Office of Emergency Management is working diligently to provide you with the most relevant and complete tropical weather information possible. Our goal is to ensure that you are equipped with the information needed to prepare your family and home for any tropical disturbances that may affect our community. In addition, this information will help our community in the days following a tropical weather event.

On the back of this letter you will find information on “Guidelines for Hurricane-Related Debris”. This guide will instruct you on how to clean your property in the event your home and/or property sustains damage from a hurricane. Please read through it completely **and remember to place your debris as near to the road as possible without blocking traffic**. The Village of Jones Creek wants to ensure you recover from a disaster as safely, quickly, and efficiently as possible.

You will also find two brochures attached to this letter: “Hurricane Preparedness” and “After the Storm”.

“Hurricane Preparedness” is a guide to instruct you on how to evacuate in the event of a natural disaster. It provides you with information on where, how, and when you will need to evacuate.

“After the Storm” gives you tips and information on how to stay safe after tropical weather. It also provides you with pertinent information on returning from a storm, important contact information, and informational data.

Finally, we would like to remind you to register for our Notification System. The Notification System is a telephone based-program that will send an automated message informing you of crucial information about emergency situations, community events, criminal activity, etc. To sign up for the Notification System, or to update your existing contact information, please contact Jones Creek City Hall at 979-233-2700.

Tropical Weather is an unforeseeable and unfortunate event; however, The Village of Jones Creek Office of Emergency Management is fully prepared to handle these situations. Our goal is to ensure that you are fully prepared to safely handle these situations and to protect your family and property.

Respectfully,

William Tidwell, Marshal/EMC  
Village of Jones Creek
